

CheckIn+ — Easy User Guide

Smart. Secure. Scalable

This guide shows you how to use CheckIn+ step by step. No technical knowledge needed.

There are two ways to use CheckIn+:

1. **Website** — on your computer or phone browser (for company owners and staff)
 2. **Mobile app** — on your phone (for checking in and out)
-

Who is this guide for?

You are...	You use...
Company owner (you signed up the business)	Website — full control
Employee or student (your boss added you)	Mobile app to check in + website to see leave

PART 1 — COMPANY OWNER (Website)

Step 1: Create your company account

1. Open the CheckIn+ website in your browser.
2. Click **Sign Up**.
3. Fill in:
 - **Company name** — your business or school name
 - **Email** — this is your login email
 - **Recovery email** — a second email for password recovery (important!)
 - **Type** — choose **Company** (business) or **Academic** (school)
 - **Logo** — optional, you can add a picture later

4. Click **Sign Up** (or **Login with Google** if you prefer).
5. Check your email for your password.
6. Go back to the website and click **Login**.
7. Enter your email and password → click **Log In**.

You now have a **Free** account (up to 10 people).

Step 2: Verify your recovery email

You must do this before you can use the rest of the website.

1. After logging in, you may be taken to **Edit Profile** automatically.
2. Find the **Recovery email** section.
3. Click **Send Verify Email**.
4. Open your **recovery email** inbox (not your main login email).
5. Click the link in that email.
6. Go back to CheckIn+ and click **I already verified, refresh**.

Step 3: Understand the menu (left side)

Menu	What it does
Dashboard	Charts and numbers about your team
Employee Management	Add and manage your staff
Student Management	Add students <i>(schools only)</i>
Attendance Management	See who checked in, who was late, who was absent
Leave Management	Approve or reject leave requests
Plans & Pricing	See your plan and how to upgrade

Schools see Employee + Student menus. **Businesses** only see Employee (no Student menu).

Step 4: Add your first employee

1. Click **Employee Management** in the left menu.
2. Click the blue **Create Employee** button (top right).
3. Fill in the form: First/last name, position, email, phone/address (optional), photo (optional).
4. Click **Save**.
5. The employee receives an email with their login password.

Note: You can only add as many people as your plan allows (Free = 10 people).

Step 5: Add students (schools only)

Skip this if you are a business.

1. Click **Student Management** in the left menu.
2. Click **Create Student**.
3. Fill in: Name, Class, Class days, Class start/end time, Enrollment period, Contact details.
4. Click **Save**.
5. The student receives login details by email.

Step 6: View the Dashboard (reports)

1. Click **Dashboard** in the left menu.
2. Choose a time period: **Weekly**, **Monthly**, or **Yearly**.
3. Set **work hours** (e.g. start 09:00, end 17:00) — used to detect late arrivals.
4. Set **off days** — click days that are NOT working days.
5. Read the cards at the top (Members, Attendance %, Counts).
6. Scroll down for charts and leaderboards.

Tip: Off days (red) are never counted as absent.

Step 7: Check attendance

1. Click **Attendance Management**.
2. Click **Show Search** to open filters.
3. Choose dates (From Date, To Date).
4. Set **off days**.

5. Optional — set **Start Time**, **End Time**, and **Grace Period**.
6. Click **Search**.

Colors: Normal (On time), Red (Late), Green (Overtime), Yellow (Leave), Grey (Absent).

Step 8: Handle leave requests

1. Click **Leave Management**.
2. Check for red number on bell icon.
3. Use filters: Person name, Status, Month → Click **Search**.
4. To approve: Find row, click **Approve**.
5. To reject: Click **Reject**, type reason, confirm.

Step 9: Edit your company profile

1. Click your name/photo → **Edit Profile**.
2. Update details (Logo, etc.) and click **Save**.
3. **Danger Zone:** Deactivate or Delete account.

Step 10: Change your password

1. Click your profile → **Reset Password**.
2. Enter current/new passwords → **Save**.

Step 11: Upgrade your plan

When you need to add more employees/students, you must upgrade.

Plan	Members	Price
Free	Up to 10	Free
Basic Business	11 – 50	\$10 – \$40 / month
Medium Business	51 – 200	\$50 – \$100 / month

Enterprise	201+	\$100 – \$300 / month
------------	------	-----------------------

1. Click **Plans & Pricing**.
2. Click **Contact us** on the plan you want.
3. Email **office@techhive-innovation.io** with company name, plan choice, and member count.
4. Wait for activation and refresh the website.

Step 12: Downgrade your plan

Downgrades must be processed by support (**office@techhive-innovation.io**).

Steps:

1. Choose who to keep (up to new limit).
2. Download member data (.xlsx) and attendance data (.xlsx).
3. Confirm **Remove [N] & downgrade**.

PART 2 — EMPLOYEE OR STUDENT (Mobile App)

Step 1: Install and open the app

1. Install **CheckIn+**.
2. Log in with email/password (provided by your company owner).

Step 2: Check in / Check out

1. Allow **Camera** and **Location** permissions.
2. Point camera at face → Take photo → **Confirm Check In** (or **Check Out**).

PART 3 — EMPLOYEE OR STUDENT

(Website)

Use for viewing your records and requesting leave.

Step 3: Request leave

1. Click **Leave Management** → **Create Leave Form**.
2. Fill in type, dates, reason, optional attachment → **Submit**.
